ANANT STEEL
& WELDING WORKS LLC

Introducing Anant Steel

A dynamic and innovative steel and stainless steel fabricator based in Sharjah, UAE.

About Us

Established in 2006, Anant Steel has been a leader in providing top-quality steel and stainless steel fabrications, serving a wide range of industries including supermarkets, hospitality, commercial and residential.

With a dedicated team of over 40 skilled professionals and state-of-the-art machinery, Anant Steel is well-equipped to handle a wide range of projects, from custom-designed fruit and vegetable stands, trolleys, hand railings, pergolas, and storage lockers, to large-scale commercial and residential fabrications.

No job is too big or too small for our team, and we are committed to delivering high-quality products that meet or exceed our customers' expectations.

Our modern 12000 Sq. Ft. facility is equipped with the latest technologies, allowing us to deliver products that are

not only functional but also aesthetically pleasing.

Our team of experienced designers and engineers work closely with our clients to ensure that their requirements are met, while also providing valuable insights and recommendations to enhance the functionality and durability of the finished product.

We use only the best materials, and our team of skilled craftsmen ensures that each piece is manufactured to perfection.

We are dedicated to building long-term relationships with our clients and strive to maintain our position as a trusted partner in the industry.

Whether you need a simple steel fabrication or a complex custom-designed product, Anant Steel has the expertise, experience, and resources to meet your requirements.

Vision Statement

"To be recognized as a leader in the steel fabrication industry, providing innovative and sustainable solutions to our clients' needs."

Mission Statement

"At Anant Steel, our mission is to provide high-quality, reliable, and affordable steel products to our customers, while maintaining a commitment to safety, sustainability, and innovation. We strive to exceed our clients' expectations through continuous improvement and operational excellence."

Environmental Policy

Anant Steel is committed to protecting the environment and minimizing our carbon footprint.

We aim to achieve this by:

- Complying with all relevant environmental laws and regulations.
- Minimizing our energy consumption and promoting energy efficiency.
- Reducing waste and promoting recycling and responsible waste management.
- Continuously improving our environmental performance through innovation and best practices.

Health & Safety Policy

At Anant Steel, we are committed to providing a safe and healthy work environment by:

- Complying with all relevant health and safety laws and regulations
- Providing appropriate training, equipment, and resources to our employees to ensure their safety.
- Providing appropriate training, equipment, and resources to our employees to ensure their safety
- Conducting regular risk assessments and implementing appropriate control measures
- Promoting a culture of safety and encouraging employee involvement in health and safety initiatives

Quality Policy

Anant Steel is committed to providing high-quality products and services that meet or exceed customer expectations. We achieve this by:

- Maintaining a rigorous quality management system that conforms to international standards
- Using the latest technology and equipment to ensure precision and accuracy in our fabrication processes
- Conducting regular quality audits and continuous improvement initiatives
- Providing exceptional customer service and support throughout the entire fabrication process.
